CIVIL DEFENSE REPORT

This last year, the food stock for our town shelter was increased, and our radiological equipment was improved by exchanging some instruments and adding more dosimeters.

With the co-operation of personnel from the Groveton Fish & Game Club, State Fish & Game Dept., Groveton Papers Co., Town Officials and CD unit, a rescue unit was formed that can now be used for any form of rescue needed. The Groveton Papers Co. has made available for our use a Stokes' stretcher, and with equipment from our shelter supplies, we have made up three rescue kits. There will be three men to a kit and some of the equipment includes: radios, axes, first aid, flashlights and compass. We need some mobile radio sets, pack boards, etc., to complete these kits.

The P.A. of our Warning System was again used for carols this last Christmas and was greatly enjoyed

by many. Due to some settings on the system there resulted a high noise level and a few complaints were made. I want to thank the men in the turbine room at the mill for playing the records, also Clarence Curtis and his communications crew for setting it up.

The three control boxes of our Warning System have been removed and sent to a factory in New Jersey for rewiring. This will eliminate the noises that have been heard at times and allow the sets to be in full volume positions at all times.

I wish to thank again, the Groveton Papers Co. for their continued generosity in allowing us to continue to store our supplies and the use of a room for our radio equipment.

Respectfully submitted,
SHEPARD H. MAHURIN
CD Director

HEALTH OFFICER'S REPORT

The following contagious diseases were reported to the Health Officer during 1964. It should be noted that these figures represent considerably fewer than the actual number, as in many cases, particularly the common childhood diseases, parents do not bother to report all cases.

Old-fashioned measles—2; scarlet fever—2; trench-mouth—7; Streptococcal Throat—40; ringworm—1; scabies—1; pneumonia—11; impetigo—6; German measles—57; mumps—2; chickenpox—78; meningitis —2; infectious mononucleosis—1.

There were rather widespread epidemics of German measles and chickenpox during the year, and toward the end of the year an outbreak of old-fashioned measles commenced. Injections of Gamma Globulin were given to several expectant mothers who were exposed to German measles during the first three months of pregnancy. Two cases of spinal meningitis occurred in infants, one due to the Pneumococcus organism and the other due to Hemophilus Influenza organism. Both cases made a good recovery. Fortunately these were not the highly contagious form of the disease.

Many inquiries were received by the doctors about when children with chickenpox and measles might return to school, and whether it was necessary to keep the children in the house. Although common, these illnesses should not be taken too lightly, as complications do occur. Patients should be kept in, at rest, and medical advise should be sought. Children may not return to school until all symptoms of the illness have cleared up.

REPORT OF PAYMENTS FOR 1964 AND RECOMMENDATIONS FOR THE YEAR 1965

	Recommended For 1964	Appropriated For 1964	Expended 1964	Recommendations For 1965
General Government:

TOWN WARRANT
TOWN OF NORTHUMBERLAND
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Northumberland, qualified to vote in town affairs:

You are hereby notified to meet at the Groveton High School Auditorium in said town, on the second Tuesday of March next, March 9, 1965, to act upon the subjects hereinafter mentioned. The polls will be open at said place and date from 9:00 o'clock in the forenoon until 6:00 o'clock in the afternoon for the reception of your ballots under the Australian Ballot Laws; furthermore, you are hereby warned that on said date and place, at 9:30 o'clock in the forenoon, the matters of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

*Article 1.** To choose by ballot the following town officers for the ensuing year: a town clerk, a town treasurer, and two auditors.

*Article 2.** To choose by ballot the following town officers for the ensuing three years: one Selectman, one library trustee, and one Trustee of the Trust Funds.

Article 3. To see if the town will instruct its Selectmen to appoint all other town officers as required by law.

Article 4. To see what sums of money the town will vote to raise and appropriate to defray the following town charges for the ensuing year: (1) town

officers' salaries; (2) town officers' expenses; (3) election and registration; (4) Municipal Court expenses; (5) town hall and other town buildings; (6) police; (7) fire; (8) blister rust and care of trees; (9) planning and zoning; (10) insurance; (11) civil defense; (12) health department; (13) vital statistics; (14) sewer maintenance; (15) dump maintenance; (16) Northumberland rubbish collection; (17) highway and bridges; (a) summer maintenance; (b) winter maintenance; (18) general expenses of highway department; (19) town road aid; (20) street lighting; (21) public library; (22) and (23) public welfare; (24) Memorial Day; (25) band concerts; (26) Youth Center; (27) swimming pool maintenance; (28) water maintenance; (29) cemeteries; (30) damage and legal expenses; (31)) retirement and Social Security; (32) grant to Weeks Memorial Hospital; (33) advertising and regional associations; (34) highways and bridges; (35) sidewalk construction; (36) water and sewer construction; (37) new lands, buildings and equipment; (38) interest; (39) long term notes.

Article 5. To see if the town will vote to raise and appropriate the sum of One Thousand Five hundred dollars ($1,500.00) for the purchase of the Revoir property, so-called, situate on Morse Street in said town.

Article 6. To see if the town will vote to raise and appropriate the sum of $2,500.00 for the Beatrice D. Weeks Memorial Hospital. (Inserted on petition of 17 voters.)

Article 7. To see if the town will vote to extend the present 6″ water main from the present end near the "Vic" Young house in a southerly direction along the

Brown Road and the continuation thereof to a point at the southerly boundary line of property now of Mrs. Norman Craggy, being a proposed new water line for a distance of approximately 5340 feet, and for this purpose to authorize the Selectmen to borrow upon the note of the town a sum not in excess of Fifteen Thousand Dollars ($15,000.00) at such rate of interest and payable at such time and place in accordance with Ch. 33 of the 1955 R.S.A. and amendments thereto, "Municipal Finance Act," as the Selectmen shall decide. (Inserted on petition of 21 voters.)

Article 8. To see if the town will vote to raise and appropriate the sum of $9,500.00 for the purchase of the Rolland Stevens property on the Stratford Road for a town garage. (Inserted on petition of 10 voters.)

Article 9. To see if the town will vote to release and abandon any and all claim of the town in and to a certain foot bridge across the Ammonoosuc River, said bridge running from the terminus of what was formerly Mechanic Street across said Ammonoosuc River to Brooklyn Street, and further to authorize the Selectmen to sign whatever deed, or other document that may be necessary in order to accomplish the foregoing. (Inserted on petition of 10 voters.)

Article 10. To see if the town will vote to accept and maintain as a public street a private way which commences 50 feet easterly of land of the Boston & Maine R.R. and runs from West Street in a southerly direction a distance of approximately 355 feet, said way being 40 feet wide and being shown on a plan prepared by R. H. Marshall, surveyor, dated June 1964, revised November, 1964, recorded in Coos Deeds, Vol. 488, Page 64.

Article 11. To see if the town will vote to raise and appropriate the sum of three hundred dollars ($300.-00) to exterminate the pigeons in the precinct, and to hire the proper authorities to do same. (Inserted on petition of 19 voters.)

Article 12. To see if the town will vote to raise and appropriate the sum of five thousand dollars ($5,-000.00) for repairs on the Northumberland and Guildhall bridge.

Article 13. To see if the town will vote to raise and appropriate the sum of one thousand dollars ($1,-000.00) for the purchase of a new police cruiser.

Article 14. To see if the town will vote to raise and appropriate the sum of four hundred dollars ($400.-00) for the purpose of exterminating rats at the town dump.

Article 15. To see if the town will vote to raise and appropriate the sum of two thousand dollars ($2,-000.00) for the purpose of making a survey on possible expansion, or relocation of the town reservoir.

Article 16. To see if the town will vote to raise and appropriate the sum of one thousand five hundred dollars ($1,500.00) to pave the sidewalk from Langley's insurance office to the northerly end of the Opera House, now of George Wilford.

Article 17. To see if the town will vote to authorize its Selectmen to incur debts in anticipation of taxes of the financial year such debts are incurred, in order to pay current maintenance and operation expenses, and to issue notes therefor in accordance with the provisions of RSA 33:7.

Article 18. To hear the reports of agents, auditors, committees or other officers heretofore chosen and pass any vote relative thereto.

Article 19. To transact any other business that may legally be brought before said meeting.

Given under our hands and seal this eleventh day of February, 1965.

* ***Articles 1 and 2 will appear on the official printed ballot.***

WILLIAM L. PARADIS
ELVIN G. WOODWARD

Selectmen of Northumberland

Many people confuse the ordinary sore throat with streptococcal throat infections. The latter is more serious as it may lead to rheumatic fever if not adequately treated with antibiotics. There is now available to the doctors, a kit for making a culture of the throat. This service is provided by the State Department of Health, and positive reports are telephoned to the doctor the following day to aid him in determining how long to treat the infection.

Several water samples were taken during the year and in spite of seemingly adequate chlorination several of the samples showed bacterial contamination, the source of which is elusive. It would seem that in the near future some change must be made in the standpipe on the hill as this leaks badly. It has been noted that someone has been chopping holes in it with an ax. This is a serious offense, endangering the health and safety of the public, and anyone caught tampering with the water supply in this way will be subject to police action.

In any problem pertaining to the Public Health, please feel free to consult with the Health Officer.

ROBERT I. HINKLEY, M.D.
Health Officer

PUBLIC HEALTH NURSE'S REPORT
District No. 2

During 1964, 89 visits were made in the community, and these visits are classified as follows:

Administration and Promotion	21
Cardiac	1
Crippled Children's Services	15
Health Supervision	8
Mental Health	3
Postpartum	7
Sabin Clinics	6
Premature	6
School	6
Social Problems	2
Tuberculosis	14

The Heaf testing program for tuberculosis was carried out in the school, and 202 children participated in the program. In June, 21 individuals attended the Chest Diagnostic Clinic. In the Spring months 321 immunizations were administered to children. 10 children have attended the Orthopedic Clinics held in Berlin, and 11 children were seen at the Pediatric-Cardiology Clinics in Lancaster.

To improve our community health programs, we must realize, that the enjoyment of the highest standard of health is one of the fundamental rights of every human being, without distinction of race, religion, political belief, economic or social condition. The health of all peoples is fundamental to the attainment of peace and security, and is dependent upon the fullest co-operation of individuals and communities. The health development of a child is of basic importance; the ability to live harmoniously in a total changing environment is essential to such development. Informed, active co-operation on the part of the public is of the utmost importance in the improvement of the health of these people. Help your neighbor to accept good health policies and hopefully bring about a better understanding and improved use of existing health services.

It is with pleasure that I extend my appreciation to the Citizens of Northumberland for their co-operation during the past year.

Respectfully submitted,
ELEANOR D. KENNEY, R.N.
Public Health Nurse, District #2
N. H. State Department of Health

GROVETON PUBLIC LIBRARY CONSTRUCTION FUND REPORT

Received from:

Fontie E. Thorpe, Estate	$9,452.34
Wilkinson, Estate	2,749.63
Groveton Lions Club	5,000.00
Hattie O'Brien, Estate	1,383.63
Sale of Thorpe Woodlot	650.00

United States Government	6,250.00	
Interest	967.10	
1964 Library Appropriation	6,414.40	
Total Cash in Fund		$32,867.10

In addition to the above donations, the Groveton Papers Company donated the site on which the library building is being erected.

PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION

The White Mountains Region Association this year has published and distributed 136,000 promotional folders and co-operated with the five other Region Associations in publishing 400,000 copies of the New Hampshire Accommodations Booklet.

We received a total of 7,500 individual inquiries about the Region which were answered with a package of folders and with personal letters. Because we are closely associated with the State of New Hampshire promotional effort, we receive in our office inquiries which are generated by the State. The Region Association's address is listed on one and one-half million individual pieces of literature published by the State.

In addition to maintaining an active and effective mailing office, the Association has encouraged and promoted many important developmental projects for the region. Such projects include Northern Ventures, a venture capital corporation to assist people who have ideas for industry; Temple Monorail System at Twin Mountain; the Kilkenny project in Lancaster; Mt. Agassiz Development in Bethlehem and Big Bear Ski area at Bartlett.

Through our Industrial Council we have changed the emphasis of industrial development of the State of New Hampshire so that it includes the northern three counties and also encourage a "do-it-yourself" attitude with industrial development groups.

Last year we assisted in promoting an appropriation of $65,000 for the construction of the Whitefield Regional Airport and went on record opposing the Livermore Falls Dam in the Pemigewasset Valley.

Presently we are planning to establish an active Historical Sites Committee who will encourage the development of major historical sites in the region, an asset which we have which has not been developed to its full potential.

The work of the Association is continually hampered by a lack of adequate funds. In order to do the work necessary to raise our economy, the full support of all towns in the region is needed.

Respectfully submitted,

JOHN P. WILSON
Executive Secretary
Lancaster, New Hampshire

* Overpayment to Loan

I hereby certify that the above return is correct, according to the best of my knowledge and belief.

LEONORA P. BELL, Town Clerk.

SCHOOL WARRANT

State of New Hampshire

To the inhabitants of the School District of Northumberland qualified to vote in district affairs:

You are hereby notified to meet in Groveton High School Gymnasium in said district on Saturday, March 13, 1965, at 2:00 o'clock in the afternoon to act upon the subjects hereinafter mentioned. The polls will be open at said place and date from 2:00 o'clock in the afternoon until 5:00 o'clock in the afternoon for the reception of your ballots under the non partisan ballot system; furthermore. you are hereby warned that on said date and place, at 2:30 o'clock in the afternoon the matters of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

1. To choose by non partisan ballot the following district officers for the ensuing year; a moderator, a district clerk, a district treasurer, two auditors, and a member of the school board for the ensuing three years.

2. To hear reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.

3. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

4. To transact any other business that may lawfully come before said meeting.

Given under our hands at said Northumberland this 26th day of February, 1965.

F. LYNWOOD SHOFF, Chairman
GEORGE A. LANGLEY
HAROLD E. MARSHALL

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Of necessity, when anyone assumes a new position the first year is one of cautious and sagacious movement. I feel that we now have a full year in operation and that the honeymoon is over and now we would like to move ahead and consolidate the various programs that we have been privileged to instigate. The most important phase of education as I see it is the proper implementation of our educational program. We must utilize to the fullest extent our native abilities of our teacher personnel, our physical plant and pattern our Program of Studies around the needs and aptitudes of our student enrollment. This is as true in the elementary as it is in the secondary field of education.

So that we may properly identify the status of our student body, we have implemented a testing program in the elementary grades so that we may ascertain how our students are doing in their subjects as compared not only with the national norm, for we feel if we used the national norm results we could make ourselves look very fine, but we must realize this national norm reflects all the states, of the Union and, of course, when you are comparing certain sections of the Southern part of the United States we know their educational standards are not as high as we would like to see our standards, so this testing program not only compares national norms, but compares New England norms, which gives us a much more realistic comparison.

I feel very strongly that in education we must build a firm, adequate and sound foundation for all of our educational ventures. In keeping with this, we have implemented departmentalization in the elementary grades in Social Studies, Science, and English and we

have also started a bi-lingual Language Program in French with the acquisition of a manifold type language lab.

We have embarked on what we call our five year plan for building repairs and I think those people that have visited the schools will have seen a vast improvement in the physical appearance of our buildings. I feel we have gotten the most for our dollar. One might question what is the importance of building repairs and keeping on top of things, but this is just another area that improves teacher and student morale, for if you have a clean and attractive place in which to work and live, this makes the educational scene that much more inviting. Because of looking ahead to economics, we have extended this period for approximately five years so each year we whittle away at some of the basic needs and improvements. This way the taxpayer will not feel he is being taken advantage of or unduly taxed.

In the Elementary School, we have utilized about every inch of space available. We have started in a small way to develop a Library for Grades 1 through 6 in the Elementary School. We have been fortunate in enlisting the services of interested townspeople and of coordinating with students in the Library Council at the High School so there is proper supervision and the books are indexed and cataloged so that the student has easy reference to all available materials.

Through our continued curriculum revision, we were able to receive gratis some 120 odd books. These books are the latest published books in English and other related areas.

In order to correlate the Art Program with that of the High School Art Program, the Art Coordinator has met with the Elementary School teachers and has prepared and gone over a cursory Art syllabus for imple-

mentation in the grade schools. In addition to this, we have had several Workshops in which the Art Coordinator explained in detail and demonstrated the various programs within the syllabus.

We are presently undergoing a study to find out how we might improve our writing program in the grade schools and, also, we are surveying the proper implementation of our present visual aids and are having consultants speak to the faculty regarding the uses of maps and globes, and another consultant speaking to the teachers regarding the writing program.

It is to be noted a new Science Series was introduced in the 5th and 6th Grades. This program was correlated with the High School so that there will be a continuing program. Also, the basic phonic approach in Reading that was started last year in the 1st Grade has been extended to the 2nd Grade and it is hopeful that it will be added to the 3rd Grade next year. The results of our S.R.A. Testing Program bears out the need of this phonetic approach to Reading. The co-basal Reading System we have from Grades 1 to 3 is being extended to the 4th Grade this year. The S.R.A. Arithmetic System will be extended from Grades 1 and 2 to the 3rd Grade next year.

To add to our Enrichment Program, we have added tape programs from the library of the National Tape Repository from the University of Colorado. These tapes are utilized in the Social Studies, Science and English Departments. With the use of these tapes, teachers will be stimulated to the greater use and need for audio-visual materials in their programs. The acquisition this year of a movie projection machine and a record player and tapes have greatly enhanced the audio-visual program and should prove very beneficial to the students and teachers to further enrich our edu-

cational program.

This year we were, also, able to provide a very needed Elementary School faculty room using the old coal bin and at this time I should like to thank Mr. Hawksley who untiringly gave his efforts in the implementing of a refurbishing program that would almost seem impossible when one saw the conditions that existed in and with this room prior to his painting and cleaning it up. The teachers now have a room in which they may eat their lunch in privacy and a workroom in which they can use various pieces of equipment for reproducing tests, mimeographing, etc.

We have started and are studying very closely a new mandatory or compulsory Speech Class for the 6th Grade for we do not care which phase of vocation any of our students pursue, there is one thing that is common to all positions, i.e., one's ability to express himself so that people will understand what he is talking about so it is our honest desire to do what we can regarding oral comprehension and making this Course a compulsory Course so everyone will be exposed to it and it will be followed in the high school with an elective oral expression class.

This year we are in the process of providing our students Grades 1 through 6 with a Dental Clinic, the first phase being a dental inspection to ascertain the condition of our children's teeth. The next step will be taken under advisement with consultation with the local dentist, school nurse, and school board as to the proper implementation and bearing of cost for this program.

I would like to relate to you some of our achievements in the secondary school level. Knowing the extreme value of giving our young people actual work experience so they might better choose a vocation in business, we were able to work very closely with the Groveton

Papers Co. with the sanction of Mr. Wemyss and coordinated by Mr. Richard Potter, and our high school administration and faculty. A very fine program was instigated for In-service Training whereby all of our Office Practice students received actual on the job training. Also, we are in the process of coordinating a Candy Striper or Nurses' Training Program with the local hospital.

We would, also, like to add that again with the cooperation of Mr. Wemyss, Mr. Ralph Rowden, our local magistrate, Mr. Victor Cloutier, our Chief of Police, and members of the staff, we were able to kick off a program that has been very necessary to take up the slack and provide opportunities for some of our mechanically minded students to pursue a program of actually working on automobiles. Mr. Wemyss has provided a facility for this so there will be adequate space in which the students might actually work on automobiles. In conjunction with this, plaudits must go to the outstanding cooperation offered by our local service stations and their employees for they have very graciously donated their time to working with these boys and giving proper instruction. Regular hours were set up and then the actual application of the theory to the car was promulgated.

To meet the various academic needs and talents of our student body, we instituted a dual track system on the secondary level. This grouping is very necessary so that our students may have the opportunity to compete with students of like interest and ability level and thus can realize success and achievement.

Last year we concentrated on a curriculum revision program in English. This year we are continuing with English, but have also embarked on a very ambitious

program of curriculum study in all the other subject matter areas with the ultimate goal of writing Course Outlines and Course Syllabus when respective departments have studied and ascertained our academic and educational philosophies.

We are and will continue to corroborate, coordinate, and correlate all of our subject matter with the elementary educational program for without this coordination and correlation the secondary educational program will have a very weak foundation.

With the addition of a Language Laboratory we have opened avenues of approach to new and better horizons for not only our French Program, but, also, English and our Commercial Subjects. Through the purchase of appropriate tapes, we have been able to enrich the English Department and the Commercial Department so that we now have 95% utilization of the Language Laboratory.

This year, we have also started a Driver Education Program so that our students may receive expert instruction regarding the proper use of the automobile. We cannot stress too much the importance of the proper techniques and handling of this most lethal weapon, i.e., the American car, and anything we can do to curb the ever increasing highway death toll is a must in our educational philosophy.

To keep abreast of the latest educational trends, programs and innovations, the Board has seen fit to provide the necessary monies so that our staff and administrators may visit other schools, universities, and attend educational conferences. We cannot be content because of our geographical and topographical location, which tends to be one of isolation, to sit idly by and let the rest of the educational world drift into oblivion. We must of necessity constantly be apprized of what is going on in education so that our student body can get the

most that we can educationally and financially within our limitations provide. This I can assure you we are doing.

Anyone who has had the opportunity to talk with our new Art teacher and to visit her classes will see an ongoing and a fine educational addition to our academic subject matter areas. The ability and the opportunity that our students have for expression through the medium of Art is one that is very necessary. This program opens up many, many fields of employment and gives students the opportunity to be recognized for their latent talents and many times students who have not been able to receive recognition for their academic endeavors can find themselves in an Art Program, therefore, building up their confidence in themselves, and in turn this motivates them and gives them confidence in other fields of endeavor. It is our endeavor to educate the total child and this is just one of the programs that bears this point out.

We are very hopeful that in the future the town will approve recommendations of this office for the very apparent need of the development of a sound and basic Physical Education Program. One only has to look at the deplorable record that the induction centers can relate regarding physical rejects that they have when people are serving their country and as evidenced by the extremely poor showing that our students showed in a recent P. E. test. For a minimum amount of money, we can offer an outstanding testing and physical education skills program, Grades 1 through 12. It just doesn't seem economically feasible to have a fine Physical Education plant and have it utilized only for town meetings and basketball games when our students are so much in need of a well rounded Physical Education Program. For those of us that were privileged to see President

Kennedy's Physical Fitness Program, we were able to judge first hand what is needed and how we can arrive at meeting these needs.

It is my and the Board's pleasure to also formally announce that our schools were singularly honored by receiving the Honorable Mention Award for Achievement by the New Hampshire Council of Better Schools. All the schools in the state were solicited and from the various projects that were submitted they narrowed it down to twenty and from the twenty, eight Awards were given out. We received the fifth Award for Honorable Mention for Achievement in curriculum and overall scholastic improvement. We are hopeful in years to come we might aspire to one of the top three in the state.

To further meet the needs of our pre-engineering students and students who might be going into industry, we are planning to implement a program of Mechanical Drawing at high school level. This will take up the areas of engineering, mechanical and technical drawings.

We are studying the feasibility of a new type of class scheduling so that we may provide more back to back periods for not only our Sciences, but our future Physical Education Program, Home Economics, Industrial Arts, etc.

We have implemented an orientation program for Grade 8 by the administration, guidance and department chairmen, and it is our feelings that at this stage when the student is encountered with selecting his entire high school program that any information that we have and that we can give to prospective students to make it easier for them to make a decision will be helpful, Therefore, each department chairman briefs the student on the various Courses that are being offered in his department, both college prep and terminal student.

Every department chairman gets a chance to extol the virtues and ramifications of his individual sphere of influence. The Guidance Director, also, has an opportunity to speak to the students regarding his choice and selection of subject matter fields.

We would like to notify the town of the interest that our faculty has shown regarding attending professional meetings.

Mr. Montminy—New England Industrial Arts Teachers Convention, Poland Springs, October 12th

Mrs. Robertson—FHA District Meeting, Laconia, October 6th
FHA Leadership Meeting, Pembroke, November 6th

Mrs. O'Brien—French Workshop, Littleton, August
UNH, French Ambassador from the French Consulate in Boston, Mass.

Mr. Crowley—New England Council of Teachers of English, Wentworth-by-the-Sea

Mr. Garlichs—New England Reading Association, Poland Springs, Maine
Visited School—Stoneham, Wakefield, Massachusetts

Mr. Sawyer—Geology Workshop, Berlin—2 Saturdays

Mrs. McFarland—Geology Workshop, Berlin—2 Saturdays

Mr. Latford—Geology Workshop, Berlin—2 Saturdays
E. B. Press—New Teaching Aids—Concord Highway Hotel

Dr. Paniccia—Plymouth—Meeting of NHATMNE (New Hampshire Association of Teachers of Mathematics of New England)—Vice President

Mr. Wilkinson—Plymouth—Meeting of NHATMNE

Mr. Matthews—Assembly of Delegates—NHEA—Portsmouth, N. H., October

Mr. Dimick—NHIAA Coaches School Summer Workshop—Tufts

Mr. Rich—President, North Country Principals Association—monthly meetings
NHEA, Retirement Committee Chairman—2 meetings
NEACSS—Conference, New Hampton
NHIAA, Basketball Committee—4 meetings
NASSP, National Convention

The Elementary and Secondary administration with the Superintendent have attended the following educational conferences:

Teachers' Convention, Portsmouth, N. H.
Tri-State Meeting, North Conway, N. H.
State Dept. of Education Meetings in Littleton and Concord

The Superintendent would like to bring to the attention of the taxpayers the fine service that is provided by our custodians for our schools. Both of our custodians are extremely conscious and are proud of their individual schools as is reflected by the fine way that these buildings are kept. They take as much pride as though the building were their own property.

In order to realize economic economies, we have coordinated our purchases for supplies, texts, etc. with all other schools in our Union to effect savings by bulk purchase and savings by coordinating transportation. This we have found to be quite satisfactory and we are going to continue as it is our ultimate desire and goal to provide the very best educational program for our young people so that they may assume their rightful place in our American Democracy by keeping a constant

eye on our budget so that we do not overtax or overburden anyone of our local taxpayers who are certainly to be commended for their cooperation and foresight and with your collaboration and cooperation, we feel that we are on the right track and will do our level best to give you the type of program you can economically afford and need in Groveton.

Respectfully submitted,
LINWOOD E. CLARKE
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

361 Students had scalp and hair inspections
22 Checked on for small pox vaccination
657 Weighed and measured
213 Students in Grades 4-7-11 and all new students plus all known heart murmurs and all that participated in athletic activity had physical examinations
652 Vision tests and 650 Hearing tests were done and correction readily made
292 First Aid treatments rendered
160 Home visits were made

Contagious diseases were:

Trench Mouth	1
Measles	45
Ringworm	1
Scarlatina	1
Pediculosis	3
Impetigo	7
Scabies	13
Scarlet Fever	5

123 Had Triple Toxoid immunization
41 Had all three types of Sabin Oral Polio vaccine
205 Had the Heaf test for tuberculosis
8 Were checked by chest x-ray

Special Referrals and Clinics:

Mental Hygiene	3
Pre-school	50
Lancaster Cardiac Clinic	11
Orthopedic Clinic, Berlin	8
Orthopedic Clinic, Hanover	1
Speech Evaluation	2

Physical Theraphy	4
Plastic Surgery Clinic, Hanover	1

I wish to thank all school personnel, also the doctors, for their cooperation.

Respectfully submitted,

WILETTA LURVEY, R.N.
